Sonoma Grove Man Found Dead

Petitions Circulated To Establish Fire District For Valley

Wedding Of Popular Sonoma Valley Couple Is A Surprise

ELECTION HELD ON APRIL 7TH WILL DECIDE DISTRICT

Proposal to Tax Territory for Maintenance and Equipment to be Submitted to Voters.

A widely signed petition asking for the creation of a fire district in Sonoma Valley, outside of the incorporated city of Sonoma and taking in territory between Schellville and Glen Ellen, including portions of Bennett Valley and Kenwood, was presented to the Board of Supervisors Thursday. The petitions recommended Messrs Tom Corcoran of Agua Caliente, E. A. Wagner of Boyes Springs and R. E. Mullen of El Verano as fire commissioners and these gentlemen were appointed by the Board. An election to authorize $10,000 for the purchase of new equipment and to pay salaries to the fire department to be maintained for valley wide protection will be held in the several precincts of the new district April 7th. The fire commissioners are appointed by the Supervisors to supervise the department and all its officers. One new commissioner is appointed or elected every year. It is understood that Commissioner Mullen will withdraw his name as he has not the time to give to the work.

Chief W. B. Cause who was instrumental in getting the matter of creating a permanent fire district before the people desires to thank all who assisted him, particularly R. C. Specht, the surveyor and civil engineer, who prepared detailed maps of the territory to be incorporated in the new district and donated his work for the good of the community to be benefitted by the proposed protection.

CREAMERY MAINTAINS A RIGID INSPECTION

The Sonoma Mission Creamery, cooperating with the Department of Agriculture, is maintaining a rigid inspection of all milk and cream coming from local ranches since the quarantine on cattle, caused by the foot and mouth disease in adjoining counties.

An inspector appointed by the State Department of Agriculture is at the creamery and passes on all the products and milk cans brought in and taken away by the dairymen. Vella & Iacona defray the cost of the inspector in order to make it possible for the farmers to sell their products uninterrupted. As they pay out thousands of dollars to Sonoma dairy and poultry people every month, the arrangement made whereby sales can go on is much appreciated.

Dr. Millerick, local veterinarian, who has been accompanying officials on a tour of inspection of local dairies, found no sickness among Sonoma herds.

HIGH SCHOOL PRESENTS THREE CLEVER DRAMAS

The Sonoma Valley Union High School presented some clever one-act dramas last night to a crowded auditorium. The plays will be reviewed next week.

Meryl Bish Sang Over The Radio

Meryl Bish sang over the radio from K. G. Q. Monday night and his fine voice, often heard here at Union Hall and the high school, came in clear and strong as many Sonoma Valley friends listened in.

Bish sang from Stephens Union under the auspices of the University of California Radio Club. His rich voice is well adapted to the Scotch dialect songs which he rendered, such as "When I Was Twenty-One" and "Roaming In the Gloaming."

The Bish family now reside in Berkeley, though residents of Madrone Vineyard for a number of years. Sonoma's loss was Berkeley's gain.

Sing to us again, Meryl, your numbers were the best outside of the Glee Club broadcasted thus far by the Radio Club.

ORDERS BOOKED FOR NEW INCUBATOR DEVICE

Not only is the Sonoma incubator attracting wide spread attention, but orders continue to come in from big hatcheries for the trays, turning device and complete incubators being manufactured here on Patton street.

Leading hatcheries, such as the Petaluma Hatchery of L. W. Clark, with its 150,000 capacity, have placed orders for the equipment manufactured under the Kitchen patent. After rigid test Mr. Clark ordered twelve of the turning devices and will eventually equip his entire 75 or 100 New Century incubators with the Sonoma labor saver.

The White Hatchery of Petaluma and Haywards hatcheries have already placed trial orders here, while L. C. Byce, the pioneer Petaluma hatchery man, is also negotiating with the Sonoma company for right to use the turning device in his machines.

A demonstration truck carrying the incubator will shortly be started out on a trip through Sacramento, San Jose, Haywards, Petaluma, Madera, and Santa Cruz, and the leading features of the Sonoma incubator will thus be made known to interested poultrymen.

A Sonoma incubator was delivered this week to La Perlita de Morte Hatchery, owned by Mrs. Sielckens of Calistoga, who has purchased three of these machines, declaring that she gets 86 per cent hatches and a four-cent premium on all chicks hatched from them. The Sonoma incubator chicks are unusually sturdy, as all hatches prove.

FIRE ENGINES CALLED OUT

Two small blazes during the past week were promptly extinguished by the Sonoma Fire Department. The chimney fire at the Hays home on Napa street blazed fiercely for a time but soon was controlled.

The call to Eden Dale Ranch was caused by a fire in the cypress trees which became ignited from brush burning along the new highway route.

The Boyes Springs engine with Chief Cause and crew answered a call to Oak Cottage Resort above Agua Caliente, where a roof fire was extinguished.

Sonoma Valley Resort Man Died Of Natural Causes, Decision Of The Coroner.

Henry Caisson, for twelve years a trusted and esteemed employee of Sonoma Grove was found dead in the basement of a summer cottage at the resort Wednesday evening. The discovery of his body followed anxious inquiry for him for the past five days during which time the proprietors of the resort, Mr. and Mrs. John Bianchini could not account for his absence. On the 17th of February Caisson was given a vacation and had intended going to Pomona, Southern California, to visit an aunt and uncle there. He delayed the trip, however, and subsequently went to the home of his friend Caesar Minelli, where he had stayed prior to his disappearance five days ago. Minelli heard Caisson leave the house very early Saturday morning which was the last seen of deceased until the discovery of his body at the summer resort which had so long been his home. It is believed that the unfortunate man sought shelter in the untenanted cottage, not wishing to disturb his employers, and that he died of heart failure. The Coroner's inquest established that he had died of natural causes, there being no evidence of poison or foul play.

An employee of the resort named Vincent, who had heard the basement door of the cottage slamming in the wind, wondered how it got open, and while hunting for eggs in that portion of the grounds Wednesday evening, decided to go over and close the door. As he grasped the door and peered into the basement he saw Caisson lying on his back, dead. The alarm was given and deputy Sheriff Ryan and deputy Coroner Bates summoned.

Caisson was an industrious and hard working man and had accumulated considerable money and property. He was well liked by patrons of the resort for his courteous service in the dining room. In the winter time he hauled gravel for the Bianchini's and was well and favorably known throughout the Sonoma Valley.

Deceased was a native of Turin, Italy and when a young man had been in the army. After coming to this country he became a citizen and was also affiliated with several fraternal orders. He was 40 years of age.

An old mother, residing in France survives him and will inherit his property, valued at several thousand dollars, money in bank and investments.

FUNERAL OF DR. HAYS AT MASONIC TEMPLE

The funeral services for the late Dr. W. B. Hays held at Masonic Temple last Saturday morning were not only largely attended and impressively beautiful, but indicated the high regard and love which the community had for the deceased physician.

Every part of Sonoma Valley sent its sorrowing representatives to pay last respects to this prominent citizen whose untimely death came in the midst of loyal service and devotion to his profession. Babes in arms whom he had ushered into this world, old folks whom he saved from the brink of the grave, contemporaries and lodge brothers who had benefited by his kindly counsel, neighbors and friends who valued his friendship; the family bereft of a devoted and proud husband and brother, all came together in common bond of sorrow to pay him tribute. Worthy Master Ralph Hotz of Sonoma Lodge No. 14, F. & A. M., conducted the Masonic rites, surrounded by a large concourse of brother Masons, who participated in the ceremonies.

The Verdant Degree Rebekah lodge of which deceased was also a member, attended in a body, wearing the customary mourning emblem. The Petaluma Lodge of Elks sent a handsome floral piece to their deceased brother, who will again be honored at the Lodge of Sorrow, and his casket was in the purple, the color of that benevolent Order. The floral offerings in Masonic Temple were many and beautiful and supplemented by others when the funeral concourse reached Petaluma where the remains were placed in the public vault to await interment in the family plot.

Mr. and Mrs. George Glascock (Opal Hays) of Mexico City, Mexico, who happened to be visiting in Berkeley, were here for the funeral. Miss Hattie Hays, another sister, arrived from the East too late for the funeral but will be present when the remains of her brother are laid to rest beside their parents in the Petaluma cemetery.

Other sisters, an only brother and many out of town friends were in Sonoma for the last sad rites.

Y. M. I. BASKET BALL TEAM DEFEATS NATIVE SONS

In a thrilling contest Tuesday night at Union Hall the Y. M. I Quintet defeated the Native Sons Cagers at basket ball. The score was 18 to 9. This is the first game of a series of three and the Native Sons plan to stage a surprise on the 18th, the date of the second game. The Keiser boys and John Steiner made some brilliant plays for the Y. M. I at Tuesday's game.

MRS. JOHN FOX IS RUN DOWN BY AUTO

Mrs. John Fox, prominent Sonoma Valley lady, met with a serious accident in Berkeley this week when she was run down by an automobile driven by R. B. Parker, Berkeley business man. Mrs. Fox has been in an Oakland hospital where her condition is not regarded as dangerous.

Many Sonoma Valley friends will regret to hear of the accident and trust the good wife and mother will soon recover.

SUPERVISOR LOWELL TO RUN AGAIN

Supervisor Fred Lowell this week definitely announced his candidacy for re-election as representative of this district on the Board of Supervisors. The Index-Tribune's endorsement of Mr. Lowell will be found in our editorial column.

Home Town Newspaper Is Always Best

Charles E. Blackwell, the most successful merchant in the entire state of Washington, has no faith in calendar advertising. He says: "There are many lines of publicity that the country store can use to advantage, but the one he can use to best advantage is his home town paper. I venture to say that if the money spent each year for fancy calendars and other knick-knack give aways were invested—I say invested, not spent or donated in carefully planned newspaper advertising, the actual net returns to the advertiser would be ten times as great to say nothing of the advantage the small town paper would derive from the additional and much needed revenue. And we know that as a business builder it is without an equal in any town."

SEALS BREAK CAMP AT BOYES SPRINGS

The San Francisco Seals, who have been in training at the new Boyes Springs quarters at the golf club grounds, broke camp Tuesday and returned to San Francisco. Fully 1500 people crowded the ball field Sunday to see the game between the Seals and Santa Rosa Rosebuds. The Rosebuds were badly faded, the game being reported as follows:

Hammering two pitchers all over the lot, the San Francisco ball club celebrated its final practice game of the training season here with Santa Rosa by beating the Rosebuds 17 to 0. Having had no practice the Santa Rosa outfit played ragged ball behind shovel Hodge, permitting the Seals to score nine runs in the third inning.

After that there was nothing to the game. Hodge pitched for six innings and did as well as could be expected with poor support. Schmidt, who replaced him, was unable to check the batting onslaught of the Seals, who hit everything he pitched.

Williams pitched the full nine innings for San Francisco and looked pretty good. He did not pass a single man and he held the Sonoma county team to five scattered bingles.

Schinski was the batting sensation of the game, gathering four hits out of five trips to the plate. Suhr made a home run off Schmid(a left handed hurler. Paul Waner drove two hard ones out of the diamond into the automobiles parked about the diamond, which would have gone for homers in ordinary ball parks, but were limited to two bases by ground rules. He also singled.

Two former Seals, Ray Corhan and Nick Williams, umpired.

Immediately following the breaking of camp announcement was made that Hal Rhyne had signed to play with the Seals. Hal had been holding out and has kept the fans guessing the past few weeks.

FIREMEN'S BALL TONIGHT

The Sonoma Fire Department will give its third annual dance tonight at Union Hall. A large crowd is expected. Albert O'Rier's orchestra will play for dancing.

MISS CAROLA FELDER AND LOUIS PICETTI UNITED IN MARRIAGE

Prominent Young Couple Surprised Friends Last Week; Honeymoon Down South.

The many friends of Miss Carola Felder and Louis Picetti, prominent young vineyardist, were surprised when news of their marriage last Saturday became generally known. They were married by Rev. J. F. Byrne on Saturday afternoon at the parochial residence on St. Francis avenue, leaving later for a honeymoon trip in the groom's car. Their destination was Southern California.

The bride, a stately girl, looked most charming in a gray traveling costume. Attending the couple during the marriage service were Mr. and Mrs. V. Millard, sister and brother-in-law of the groom.

Mr. Picetti's bride had been holding a good position at the Valley National Bank of Sonoma. She is a graduate and former teacher of Heald's Business College of San Francisco, and attained a proud place for herself in business and educational circles. An only daughter of Mrs. M. Felder and the late Joseph Felder, prominent dairyman and landowner. She has enjoyed the popularity shared in by her several brothers.

Mr. Picetti is youngest son of the well known family of that name, and in addition to being a successful orchardist and vineyard grower, he is a popular sportsman and hunting enthusiast. He has a wide circle of friends throughout the state who will wish him and his bride every happiness.

The young couple will reside on the Picetti ranch between here and Napa.

THE COMING MAY DAY CARNIVAL

A slight change in the schedule of events for the May Day ca nival at Boyes Springs was made at a committee meeting this week when the observance of May Day (May 1st) by the school children, was found impracticable on account of school being in session. Children's Day and the May Queen frolic was therefore changed to Saturday, May 3rd. All schools will participate in games and contests for which nice prizes have been donated.

Speaking of the prizes, T. S. McMann, publicity man, announces that the Carnival Queen will be awarded a certified check for $100 and may spend it to her royal heart's content. This should be an incentive for the three candidates to start the votes rolling in. A $10 prize will be awarded for the best decorated float in the parade on opening day and a $5 prize for the most ridiculous.

Senator Slater, silvery tongued orator of Sonoma county, has been invited to open the Carnival with an address.

Mrs. George Samuel of the Queen Contest Arrangement Committee, was in Sonoma Thursday in the interest of the Carnival and reports everyone on the qui vive for the big event.

EL VERANO NEWS

By ARCHIBALD McKIVER

Score, 17 to 0. That was the way the Seals whitewashed the Santa Rosa ball tossers last Sunday at the golf links diamond, while 1500 fans and fannies from both far and near watched the drubbing handed out to the visitors. For six innings Shovel Hodge, Seal, took the mound for the Santa Rosa team, but having no backing or support from the up-country players, handled the game as best he could. Perez, also of the Seals, was catcher. The last three innings were pitched by Schmid, of Santa Rosa. Batteries for the Seals were Williams and Agnew, while Roy Corhan and Nick Williams, former Seals, umpired. The game was uninteresting. Santa Rosa's aggregation may be a bunch of good fellows, but they can't play ball good enough for the fans of the Valley of the Moon.

Mrs. John Bolin has been shopping and visiting in San Francisco.

The state highway gang, now in camp at Schellville, will soon move their camp to Boyes Springs. A large number of men are employed by the contractors, Galbraith & Janes.

Alden Childs and Frank Kenny of San Francisco are taking advantage of the spring weather in Sonoma Valley and will spend some time at their vacation home.

George Mason, of Santa Rosa, was transacting business in El Verano one day last week.

George Baines of the Pioneer Garage was a business visitor to Santa Rosa Tuesday.

Mr. and Mrs. Henry Koerner and Miss Krimpholtz, of the Oak Grove Resort, attended the Sciots' Circus in Santa Rosa last week.

Several carloads of crushed rock are being unloaded at the S. P. yards here, consigned to Galbraith & Janes contractors, who are building the new Sonoma state highway.

Chester Weaver, who is now located in Los Angeles, was recently visiting home folks. Chester likes the southern country.

Dr. George Millerick, veterinarian, of Schellville, has been visiting the various herds of cattle in the valley, looking for signs of the hoof and mouth disease that has been spreading over California. All cattle inspected in Sonoma Valley are O. K., much to the delight of owners. Other parts of California have been hit hard by the spreadinig disease, and thousands of heads of livestock have been shot. It is now thought that the disease will soon be under control.

Tonight at Sonoma the fire laddies will hold their annual ball. Tickets are selling rapidly and a large crowd of dance lovers, both from the valley and outside, will be at Union Hall when the siren sounds for the famous O'Rier orchestra to bring on the music. These boys are always ready to help you when property is being menaced, so one and all should journey to Sonoma this evening and enjoy a pleasant evening with the fire fighters. The proceeds will be used to purchase new equipment for the department.

M. F. Mullen, general merchant, is now carrying the famous Natural ice cream. The summer business is expected early this season and a record crowd is scheduled to vacation at El Verano.

Mrs. A. McMullen has returned to her Sonoma Vista home after a pleasant motor trip to Fort Bragg.

John Dowdall, attended "Lightnin" at the G. & S. Theatre in Santa Rosa Saturday evening.

The school election will be held on Friday, March 28th, at the local school house. One trustee is to be elected. T. H. Baines and D. W. Corbin are election officers and the polls will be open from 1:30 to 6 p. m.

Mr. and Mrs. N. A. Walsh of San Francisco have taken up their residence at Verano, having leased a cottage at Parente's Villa.

William Cowan, Santa Rosa's leading lawyer, was meeting friends and transacting business in El Verano on Tuesday.

L. P. Kearney is having his large acreage fenced. Biscioni brothers are busy plowing the land and will plant cucumbers.

A number of the children of the State Home at Eldridge were guests of the Sciots at their circus. A special matinee was given Saturday afternoon, the closing day, which the little ones greatly enjoyed.

Harvey Toy, state highway commissioner, will built a home in Sonoma Valley, it is rumored, near the Boyes Springs Station where the former Nordwell home stood. Mr. Toy is a great booster for the Valley of the Moon and was a strong worker for the election of Governor Richardson in the last campaign.

Last week at Sonoma the El Verano Grammar School played the Juniors, and after nine innings of real base ball our boys were declared the victors. Trainor was on the mound while Red Norrbom was the catcher. The score was 9 to 6.

Claude Lombard of San Francisco was a guest here Sunday. Mrs. Lombard is spending several weeks at the family home.

District Attorney Hoyle of Santa Rosa, accompanied by a party of friends, motored to the North El Verano diamond Sunday and were interested spectators of the ball game.

George Gale, S. P. employee of San Francisco, spent Sunday with relatives here.

Captain Tullett, new owner of the El Verano Villa, with his wife and daughter have taken possession. Captain Tullett, formerly a large poultry raiser at Windsor, traded in his ranch for the El Verano property. Many improvements are to be made around the grounds of this pioneer resort and as the season promises to be a lively one, we predict that the El Verano Villa under the new management will receive its share of summer visitors.

Miss Mary O'Brien of San Francisco is spending some time at the O'Brien estate in the western hills.

Jim Harrington, S. P. section foreman of Schellville, spent Sunday in our city. Mr. Harrington is an old head on the railroad and thinks Sonoma Valley and the people are all right.

Mrs. N. Dowdall, after a two weeks' visit with bay city relatives and friends returned home Sunday.

Paul Vannucchi and wife of San Francisco are visitors at their Verano summer resort. Mrs. Vannucchi has recently returned from Germany.

Fred Lowell has thrown his hat in the riing for a second term as supervisor of the Frst Supervisorial District.

Pete Compton and wife left on the S. P. Monday morning for Texas, where Compton will play ball this season. The great ball played looked in the best of condition after a training siege in the Valley of the Moon. Compton is a popular athlete and should make good in the Texas league.

The Seals left for San Francisco Tuesday. The training camp at the golf links is now deserted for the home lot, Recreation Park, where the team will work out. This is the first time the Seals ever broke camp so early, but it will give the veterans and new members of the team an opportunity to get set before facing the champions of the minor leagues. The ball players and managers had a successful training outing and are going away from the valley much pleased with the ball grounds and training quarters. They have already made it known that they will again train at the golf links next season. The Seals expect to win the pennant again this year.

Preparations are being made and trees felled in readiness to start grading the highway across the Sonoma State Home property which will connect the Home highway with the new Sonoma-Santa Rosa highway near the Bocco property. This right of way over the Sonoma State Home property was secured in a measure introduced in the last legislature by Senator Herbert Slater.

McCOSKERS LEAVE FOR MENDOCINO COUNTY

Mr. and Mrs. James McCosker have sold their pretty home east of town to F. Frugoli, prominent restaurant man of San Francisco.

The McCoskers leave this week for Willits, Mendocino county where they have recently purchased a large cattle range. This range is located in the famous Sherwood Valley, named for some of Mrs. McCosker's folks, who were pioneers of Mendocino. Mr. McCosker, who is an experienced cattleman, will be able to run about 1500 head on his range and plans to carry dairy stock.

The family will be missed by neighbors and friends in the Vineburg district, where they have resided, and also by the young friends of Miss Hazel McCosker, who has been a popular Sonoma Valley high school student.

Mr. Frugoli, wife and three daughters who will make their home on the former McCosker place, plan many improvements and will make their 14 acre tract among the prettiest and most productive in Sonoma Valley.

HIGH SCHOOL NOTES

A publicity manager will be added to the staff of the Student Body officers when an amendment will be voted upon at the Student Body meeting next Wednesday. There has been no opposition so far to this proposed amendment, for every student realizes the need of a publicity manager in the school as by having an elected person exercise the publicity duties regularly, a large burden will be lifted from the shoulders of the teachers.

Last night the big show was given at the high school. A large audience enjoyed the program. Half the proceeds of this entertainment will go to school athletics and the other half will go to the Student Body treasury, and will be used in beautifying the school grounds and for student activities.

At a committee meeting last Tuesday, the Student Welfare Committee decided that a certain day be set aside, some time in the near future, for the planting of shrubs around the school grounds. For some time the grounds have been bare and the students realize that the appearance of the campus detracts from the beauty of the building, so they have decided to take action in the matter and plant shrubs and flowers on the area around the building.

Monday an interclass basket ball game between the Freshmen and the Juniors was played to decide the championship of the school. The Juniors came out victors with a score of 14 to 6. A pennant will be awarded the team. In two games last week the Freshmen won from the Sophomores and the Juniors eliminated the Seniors from the contest. The latter game was intensely interesting as the score was tied until within the last few seconds of the game when the Juniors made a basket.

Tomorrow, Sunday, the Students' Welfare Committee will go on a picnic with the high school faculty as guests. All important business will be forgotten and the only question that will be asked and discussed is "When do we eat?"

Congressman Lea is sending the Congressional Record to the high school. which will enable the students in government to follow closely the discussions in Congress. The public is welcome to the Records if any one is interested in any particular problems that are being discusses.

Miss Bloom: "What is Pan-Germanism?" Bright Student: "That's another name for that opera, "The Frying Dutchman."

The Sophomores are busy making arrangements for their party, which is scheduled for April 4th. The members of the second year class declare that their party will far eclipse the Senior and Junior parties from every standpoint.

Mr. Golton has chosen members of each of his American history classes to form debating teams which will class in about two weeks before the Student Body. Interesting subjects will be chosen to be argued upon. The Sterling-Reed bill has been selected as the first subject ror debate.

More girls have appeared at school this week with shorn locks. Hair pin makers will soon have to close up shop and become barbers.

MADE "HAIR TONIC" ON PREMISES, SO THEY SAY

Frank Thriekoff, well known Glen Ellen barber, is free on $1000 bail on a charge of violating the Wright Act.

Thierkoff was arrested by Special Investigator E. F. Westphal of the District Attorney's office following a several days' investigation in and around Glen Ellen.

The evidence against Thierkoff, 22 gallons of liquor in seven containers, and a complete copper still of large capacity, was brought into the justice court and will be kept there until Thierkoff has his hearing.

A splendid well 250 feet deep, recently completed by D. Volquardsen on the J. H. Coops ranch, is winning the praise of all who have viewed it. Four hundred gallons of water per minute is pumped from the well and the big stream is of the finest quality.

SUPERVISOR FRED LOWELL

Supervisor Fred Lowell, who is completing his first term as supervisor of this district, has served the district well and deserves to be re-elected. The announcement that he would run again for the office places a splendid public servant at the disposal of the people, who will show their appreciation of him at the coming election.

Mr. Lowell has the distinction of devoting the greatest part of his time to the office. In fact, since his election, he has given up his large Sonoma Valley ranch to be better able to give unlimited time and thought to the problems which confront our Supervisors. He is much appreciated by his colleagues on the Board of Supervisors, who join with a wide circle of friends and admirers in wanting to see him returned to office by a handsome majority.

In the matter of preliminaries incident to the building of the new state highway, Mr. Lowell has worked unceasingly to hasten the work. He has carried out the program for substantial bridge and culvert work and the policy of putting all the taxpayers' money possible into improvements which would endure.

On humane and progressive measures such as improvements to the county hospital, Mr. Lowell has always proved his regard for Sonoma County's standing among the best counties in California, and reflected the sentiment of his constituents.

Respectful of the people's wishes and willing at all times to take up local problems first hand with the voters of the district, Supervisor Lowell has won the confidence and admiration of the people on both sides of the hill and his re-election is a foregone conclusion.

THERE ARE DEMOCRATS AND DEMOCRATS

Congressman Lea has decided opinions on Democratic presidential timber . He declares that McAdoo is unavailable because of his unethical connection with the oil mix-up. The radical Reed, he says, is not to be considered at all. Evidently Mr. Lea has some regard for the people of the United States, as well as the Democratic party.

Until the Democrats trot out some one better than these two, the presidency is a cinch for Calvin Coolidge, alhough it would not surprise us if President Coolidge would refuse to serve after the shameful treatment he has received at the hands of politicians, who tried to embroil him in the oil scandal and on the most farfetched premises. The disgraceful spectacle was resented by every fair-minded American.

The practice of hectoring and hounding our Presidents till they are worn down into their graves must cease. Men high strung and finely constituted, of noble aims, ideals and character, cannot stand up under such treatment. If we are to countenance such treatment of our national executives and expect them to come through the ordeal, we will have to pick out rough-necks and elect them to the high office. It is getting so that the average constituted man in he presidency is not physically equal to the task when he becomes the mark for political enemies and character assassins. How long will American citizens tolerate such tactics from self-styled leaders?

The recent experience of President Coolidge by those who would kill him off politically must be resented at Washington by fair-minded and just men such as Congressman Lea, who want their party to succeed by fair means and in a clean-cut contest, but court no advantage through such despicable practices as are now being pulled off in the interest of party success. Men with the real interest of the party at heart realize that such methods will only act as a boomerang.

THE NEW FIRE DISTRICT

A fire district for Sonoma Valley with a regular provision made for salary and equipment, each taxpayer paying in taxes his or her bit toward the protection in an arrangement whereby this beautiful locality will be assured the service we must have in a crisis. Not only must property be safeguarded, but our natural beauty such as hills and trees which every year are either fire swept or menaced by flames, must be preserved and protected.

Taxes provide other necessary things for the public good and adequate fire protection is one of the valley's greatest needs. All building and improvement is futile if we do not arrange to cope with the fire demon.

The haphazard system of protection we have enjoyed thus far has been a success because of the energy and enthusiasm of the fire chief, but this cannot prevail forever. The valley's fire department must be put on a business basis. The Valley of the Moon, its homes and hillsides, must be incorporated into a legally constituted fire district and avail itself of the security and benefits thereof.

TO THE PEOPLE

Of Santa Rosa and Vicinity

IT IS WITH CONSIDERABLE PRIDE THAT I ANNOUNCE THE COMING TO THE CLINE THEATRE FOR FOUR DAYS ONLY OF THE SUPREME ACHIEVEMENT OF THE ART OF THE MOTION PICTURE—

"The Covered Wagon"

THIS WONDERFUL PRODUCTION WHICH HAS BROKEN ALL ATTENDANCE RECORDS IN HISTORY IN ALL PARTS OF THE WORLD, WILL BE SHOWN BEGINNING SUNDAY MATINEE, MARCH 16, AND FOLLOWING THE OPENING WILL BE SHOWN TWICE EACH DAY ONLY, MATINEES BEGINNING AT 2:30 AND EVENING SHOWS BEGINNING AT 8:30 O'CLOCK.

The great presentation will be made here by a touring organization, the same which showed it for 25 weeks at the Woods Theatre in Chicago, and then for eight record weeks at the Columbia Theatre in San Francisco. The same organization comes here direct from San Francisco where it has been forced to play a return engagement at the Columbia Theatre.

"THE COVERED WAGON" will be shown exclusively and only in Santa Rosa for the entire season of 1924. It will not be presented in any other town near here for 150 miles during this period of 1924. It will positively not be shown during the season of 1924 in Petaluma, Healdsburg, Sebastopol, Sonoma and other adjacent towns.

"THE COVERED WAGON" is presented everywhere as a first class road show and as such it will be shown at the Cline Theatre. All seats for all presentations here will be reserved and sold in advance. The prices at night will bs 50c, 75c, $1.00 and $1.50, plus tax, and at matinees 50c, 75c and $1.00, plus tax. Seats are now on sale at the Cline box office. Mail orders will be accepted and filled in the order of their receipt. In sending mail orders please be sure to add ten per cent for war tax.

T. C. REAVIS,
Manager Cline Theatre.

THIS WILL BE THE ONLY AND EXCLUSIVE ENGAGEMENT OF "THE COVERED WAGON" FOR SANTA ROSA AND ALL OF SONOMA COUNTY FOR THE SEASON OF 1924.

Convinced that highway advertising signs detract from the natural beauty of the great routes of travel of the Pacific Coast, this Company has decided that it will erect no more such signs and that it will immediately remove all of its signs of this nature now standing. Hereafter the Company will confine its use of signs to commercial locations.

The Company feels that the splendid scenery so characteristic of nearly all of the highways of California, Oregon, Washington, Nevada & Arizona should be unmarred, and on that account is willing to sacrifice the advertising value of the signs.

VINEBURG NEWS

Of course, we are willing to admit that Vineburg, up to the present time, has not produced a brilliant statesman nor even a pugilistic champion. But it sure has discovered a mechanical genius in a well known citizen of the burg, who found out one essential thing the manufacturers of automobiles overlooked: That the proper place to put the license plate is right over the hole where the crank is supposed to go to start the machine. Some bright thing to know, believe me.

Howard Knight, one of Schellville's progressive farmers, was exchanging greetings with his many friends here last Wednesday.

Mr. and Mrs. Henry Hyde were given a party last Saturday evening. It was supposed to be a surprise party, and in order to have it some "surprise," Mr. and Mrs. Hyde, who had been put wise, pretended to be absent from home. They kept their friends guessing for some 10 minutes by a darkened house and silence. But on entering, however, the secret was out as the host and hostess were quite prepared for a party with card tables placed, various games prepared, the floor waxed for dancing and in the prettily decorated dining room covers placed for twenty-six. The guests were given a grand time and no effort spared for their entertainment. Those present were Mesdames Gigerich, P. Dierx, Hoyer, Tiddy, R. Dierz, Mumford, Hyde; Messrs. Gigerich, Beers, P. Dierx, Tiddy, R. Dierx, Mumford, Martin, Doktor; Charles Nice, Lewis Beers, Edwin Beers, Billy Dierx, and Misses Anne Noyes, Lena Van Craness, Beatrice Beers and Harriett Dierx.

Four carloads of grain and feed and one carload of brick were spotted on Batto's spur this week. Two carloads of feed and grain were unloaded at Warehouse No. 7, El Verano.

Mr. Dini has opened a blacksmith shop in Vineburg, which is a good thing for this place.

The people of Vineburg Township were highly elated when they heard that Supervisor Fred Lowell aspires to another term as supervisor. Mr. Lowell is held in high esteem in this vicinity and the people believe that he is just the right man for the position he now fills.

A barrel of Rex spray fell on the index finger of Charles Banchero the other day. His feelings were hurt, but the barrel was not injured at all.

Minnie Madden, a pretty, blue eyed daughter of the Emerald Isle, says she has prayed it might rain on St. Patrick's Day, just for the good of the country. We all hope Minnie's prayer will be answered.

Work is progressing nicely on the new bridge near this place.

Garnet Holme, recently back from England, has written Sonoma friends from Nebraska, where he is putting on "Macbeth" for the University there. He will later come to Hemet, Calif., to produce his version of the celebrated story, "Ramona."

BOBBED HAIR CRAZE HITS HERE STRONG

The bobbed hair craze has hit Sonoma Valley strong. Maid and matron are doing it. A frenzied husband who had been fearful that his wife would follow the fashion, found an effective way to block it. He writes as follows:

If you object to bobbed hair, sir,
And as a husband you demur
To seeing wife adopt the fad,
Here's a receipt to make you glad.
Just say: "Bob not, nor be so rash,
Or else I'll grow a nice moustache.
Try it, fellows!

AGUA CALIENTE ITEMS

Word has been received fro the old soldiers' home at Yountville that F. Waite recently died there. Mr. Waite was an officer of the Fetters Improvement Club recently and had many friends here.

Eddie Perkins of the Moon Valley Orchestra has been confied to his home with eye trouble.

Donald Lippi is building his eleventh bungalow in Calietne Park.

George Toth recently returned from a cooking job for a construction gang near San Jose. George has bought a new Essex car.

It looks as though Caliente Park is 100 per cent for Chief Cause's fire district plan.

Mrs. Lowery has just finished an addition to her bungalow in Caliente Park. Ted Lathrop was the contractor.

P. McDONNELL DIES HERE ON THURSDAY

P. McDonnell, father of Mrs. I. C. Gobar, who has been residing here for some years, passed away Thursday at his home south of town. He is survived by a widow and seven children. Funeral services will be held in San Francisco.

Mr. McDonnell was a native of County Tipperary, Ireland, but had lived in this country many years and reared a splendid family of two sons and several daughters. His daughter, Mrs. Gobar, of San Francisco, often visited him here.

ANOTHER WEDDING IN BONNEVECCHIO FAMILY

A marriage license was issued Wednesday in Santa Rosa to Viggo Sorensen of that city and Miss Inez Bonnevecchio of Glen Ellen. This is the second daughter in the family to marry lately and the mother also remarried not long ago.

Sonoma's Fighting Wood Chopper In Contest

William Kent, "fighting woodchopper" of Triniti, and well known to local boxing fans, will appear in one of the main events at the Petaluma Athletic Club in Petaluma on Tuesday night, March 18th. He will box Jimmie Reed of Santa Rosa, for the lightweight championship of Sonoma county.

Kent has appeared in previous contests both here and in Petaluma, and has given a good account of himself. He formerly was in the game in the East, where he fought under the name of Jack Smith and was the boxing partner of celebrated prize ring favorites. Since his retirement to his hill ranch he earned the sobriquet of "the fighting woodchopper of Triniti."

CONTEST IN GARONI ESTATE

An action seeking to have a deed set aside so that Agua Caliente property may be declared a part of the Joseph Garoni estate, subject to a court judgment of $7380 was started in the superior court by Martina Forne against Eva Garoni, estate administratrix. Garoni deeded the Agua Caliente land to his wife, who is now administratrix of his estate, but according to the plaintiff in the present suit, the conveyance was made for the purpose of evading claims of creditors and through undue influence on the wife's part.

Mr. and Mrs. Harold Pauli and family of Schellville visited San Francisco Sunday where they joined Clayton Pauli and took in Golden Gate Park with its new aquarium and other attractions.

Miss Laura Wickham, former Sonoma high school student, and later a Berkeley student, has accepted a fine position in the decorating department of the W. S. Sloane furniture house of San Francisco.

Eric Blomgren, who has had a position in the automotive industry in San Francisco since the fire at Boyes Springs, was greeting friends here on Saturday. Eric expects to return to the Springs shortly and take over his garage and speed up Studebaker sales.

Mrs. M. Gilbert of San Francisco, accompanied by her little niece, was up Sunday visiting the Tony Cereghino family.

Miss Eva Carter and a party of friends met with an auto accident last week while coming from Santa Rosa. Miss Eva received a slight cut over the eye in the collision, which occurred near Agua Caliente.

Mr. and Mrs. Pete Compton and little daughter left for Texas this week where Compton is signed to play base ball with the Texas club. They have been very popular at Boyes Springs during their residence there and will be greatly missed.

Albert Kerner, who severely burned his hand with hot wax when he fell from a ladder while grafting trees, is slowly recovering from the painful accident.

Mrs. Henry Bates came home from the hospital in San Francisco Tuesday and stood the trip very well. She is delighted to get back to Sonoma and is slowly recovering after many weeks of illness.

L. Jacobsen of Buena Vista met with a painful accident when he fell from a ladder and was badly bruised.

The Summit Hotel, of which Joe Andrieux, formerly of this place, is proprietor, has been entertaining the Universal Film Company players, and will also have Charlie Chaplin on their guest list shortly. Fred Batto, who is also interested in the Summit property, says that considerable snow fell there during the last storm.

PETALUMA CLUB WOMEN TO BE GUESTS HERE

The Petaluma Woman's Club will be over here for Reciprocity Day on March 21st, Friday afternoon. All Sonoma Valley club women are urged to attend as the ladies will present a fine program. Mrs. Ralph Hotz is hostess.

INITIAL SPRING DANCE

The popular young men comprising the committee of arrangements for the dance at Coney Island on March 22nd extend a cordial invitation to the public to attend. If successful these dances will be given throughout the summer at the big studio between here and Boyes Springs. Les Perkins' orchestra will play.

MRS. ERAZMUS PRESIDENT OF THE FLYING NEEDLES

At the recent election held by the Flying Needles, Mrs. Perle Erazmus was elected president, Mrs. Annie Breitenbach vice president, and Miss Jessie Hiser, secretary.

The next meeting of the popular club will be at the home of Gertrude Breitenbach Groskopf.

SONOMA STILL IN QUARANTINE AREA

After careful consideration it has been decided by the Department of Agriculture of the State of California and the U. S. Bureau of Animal Industry that the release of nine counties from the provisional quarantine may be permitted without undue danger to those counties or to the other counties of the state. These nine counties are Humboldt, Mendocino, Merced, Monterey, Sacramento, San Benito, Santa Cruz, Stanislaus and Yolo.

There will remain in provisional quarantine Marin, San Francisco, San Joaquin, San Mateo, Santa Clara and Sonoma counties; and in close quarantine Alameda, Contra Costa, Napa and Solano counties.

PAYS $200 FINE ON LIQUOR CHARGE

Domenico Rovegna who purchased Maison Doree at Fetters Springs, near here, last week was fined $300 by Judge J. L. Small in justice court when he pleaded guilty to violation of the Wright Act.

Rovegna was arrested by Deputy Sheriffs Joe Ryan and Eberhardt.

MAKE YOUR YARD A BEAUTY SPOT!

When summer comes, what will you have, just a back yard or a fenced-in plot that is a real beauty spot?

There is nothing which adds so much to the outward appearance of a home, nothing that makes a place look quite so "homey" as plenty of green foliage combined with a few simple garden fixtures, such as a lattice or picket fence, an arched gate, an easily built pergola or arbor, a pergola swing, etc.

Such improvements are easily constructed, cost very little and add greatly to the looks and value of a home. Get busy now and have your yard ready for the first warm days.

Let us help you plan your improvements and give you prices. You will be under no obligation in doing so.

SONOMA STOCKHOLDERS IN FERRY INVESTIGATION

Several prominent Sonoma Valley men are listed among the stockholders of the Golden Gate Ferry Company who have been investigating cause for action against Hanford and Klatt and other officials of the ferry company, who are charged by Messrs. Scatena, Foppiano, Perata, heavy owners of stock in the company, with irregularities in the financing and operation of the corporation. The faction opposing the Hanford-Klatt interests hope to recover by litigation in the neighborhood of $25 to $30 per share for the stockholders. Signing the investigating committee's report, recently rendered, are Theodore Blanckenberg, Jr., of Agua Caliente, G. Sorini and Harry Kennel of Sonoma. Mr. Sorini is said to have several thousand dollars invested in the Golden Gate Ferry.

The stockholders committee when the case comes to trial will ask an explanation of the purchase of the terminal at Sausalito for $10,500, its transfer to the Rodeo-Vallejo Ferry Company and its subsequent valuation of $47,000 when listed as a property of the Golden Gate Ferry Company. Explanation will also be asked of the payment of $20,000 a month for boats and the purchase of the steamer Aven J. Hanford for $250,000 when its value is said to have really been not over $175,000. Salaries and fees are also being probed.

Stock organization and disposition of the control of the company will be among other matters aired when the case comes to trial.

Sonoma Valley stockholders have been well pleased with their 8 per cent dividends from the company, but declare that if there has been any high-handed methods or diversion of funds such should cease. They express interest in the promotion of the American Toll Bridge Company and its success, but the juggling of stock and funds by officials is frowned upon.

In closing its report the committee warring on the ferry company management says: "In our opinion, the Golden Gate Ferry Company is a profitable investment and under competent management would show each and every stockholder a handsome return on their investment."

YOSEMITE VALLEY STUDIO MAN HERE

D. Foley of the Yosemite Studio, the popular and well known art center in the Yosemite Valley, paid his first visit to the Valley of the Moon Friday and Saturday of last week. He was a guest of Mr. and Mrs. W. L. Murphy and while here visited the old Vallejo home, the Mission and other historic points of interest.

Mr. Foley has been established in the Yosemite for many years and is known to thousands of tourists.

While in Sonoma he attended the Art exhibit at the high school and urged the acquiring of the collection in the interest of general culture and education.

Mrs. Shepard and family of Glen Ellen motored to Oakland last week for the wedding anniversary of relatives.

R. A. DOW, RURAL CARIER, IN PRINT

R. A. Dow, the local R. F. D. carrier, has a communication in the "R. F. D. News," official organ of the Rural Letter Carriers' Association. The paper is a newsy one, published at Washington, D. C., and from it we glean that an Oklahoma congressman has introduced a bill at Washington which would provide appropriations for extending rural routes and giving communities more carriers. If this bill carries, Sonoma Valley may get the two rural routes for which it is petitioning.

Mr. Dow's letter to R. F. D. News was as follows:

"I have been a subscriber to the News for about four and one-half years and enjoy it very much. I now read almost everything in every issue and find it a great help in keeping up to date in my work. I have been temporary and regular motor rural carrier on a motor route of 52.9 miles for four years and eight months. I enjoy reading the letters from my brother carriers. I have never written anything for publication in the News before, so think it about time that I do my little bit in that line.

During the time that I have been carrying mail, I have driven my car about 95,000 miles and have delivered and picked up approximately 1,300,000 pieces of mail. This mileage includes going from my home to post office and returniing. I now have 460 families on my route and handle about 32,000 pieces of mail monthly. I sometimes smile when I read about some carrier having 5000 pieces of mail a month, when I often have that many pieces in about three days.

"I have never failed to complete a day's trip, except two and a half days when I was sick. December 22, 1923, I was unable to finish before midnight but finished about 40 minutes later. The trip for December 24, 1923, was finished about 2 o'clock Christmas morning with over 250 packages delivered, to say nothing of thousands of postcards and letters, buut every piece of mail was delivered that reached the office in time.

I feel that something should be done toward making standard routes out of many of the heavier motor routes. In my own case, I take very little interest in the retirement fund, because no man will be able to handle a heavy motor route for 20 or 30 years. The mail on this route has increased from about 19,000 pieces of mail monthly in 1919 to 32,000 per month at present. In addition, the C. O. D. and insured and regiistered mail has doubled and trebeled in that time. It certainly does not seem fair to deduct 2½ per cent from a carrier's gross salary, when about one-half is immediately paid out for cost of equipment upkeep. This seems particularly unjust when it is taken into consideration that $300 is the most that will be paid back to a carrier, even though he has been paying $65 a year into the retirement fund for 10 or 12 years.

Because this letter is from California some carriers may get the impression that my route is all paved, but this is far from the case. At present there are about 3.9 miles paved. The remainder of the route varies from good to bad and indifferent. In some places boulders as big as a man's head have been hauled onto the road and these have to be dodged as they are too large and hard to knock off the road. Including time of keeping up my equipment, my time for the year averages at least 10 hours daily. In addition, practically all repair work is hired done at the local repair shop.

Like all other carriers, I have had some amusing experiences. One evening when I was about one and a half hours late, an old lady met me at her box and said she had locked herself out of her house, and asked me to climb up to the second story window and then go downstairs and open the front door. Of course, no one could refuse to help an old lady in distress on a cold day. Another time I had a C. O. D. package for a lady who was not at home. Her mother did not know about the C. O. D., but very nicely invited me to come in and wait, as her daughter would be home soon. Oftentimes when I hand someone their mail, a bundle so large that they must grasp it with both hands, they will say, "No mail," and proceed to drop six or eight letters in the road, as they were neatly enclosed within their papers and magazines.

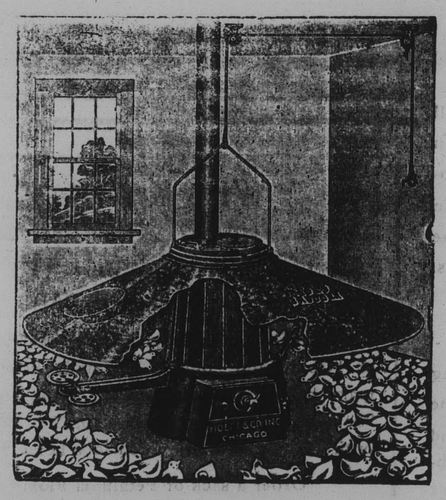

While there is much hard work on on a heavy motor route, the carrier can manage to keep smiling most of the time by always looking for the amusing side of everything. Having a smile for everyone makes the work much easier than having a grouch.

ANNUAL FARM PICNIC AT DAVIS

Livestock, poultry and orchard judging contests for visiting high school teams will be one of the features of the sixteenth annual picnic day which will be held at the University Farm, Davis, on Saturday, April 19th. This is the first year that orchard and poultry judging has been included in the picnic day program. In view of the keen interest displayed in orchard judging during the past year, high schools are particularly invited to enter three-man teams in this contest. Entry blanks for all judging contests may be secured by writing to Robert T. Brace, Chairman of Students' Judging Contests, University Farm, Davis.

The judging contests are arranged for and managed by various students' clubs interested in particular phases of agriculture. The University and the high school livestock judging contests are fostered by the Blue and Gold Dairy Club and the Golden Hoof Club. The Horticulture Round Table will manage the orchard judging contest, and the Golden Egg Club the poultry contest. Prizes will be awarded to the high individuals in each of these contests. The awards will be made on the afternoon of picnic day.

ELDRIDGE GIRL WAS NABBED AT HEALDSBURG

An 18 year old girl escape from the Sonoma State Home at Eldridge was nabbed in Healdsburg last week by A. B. Thompson, one of the attendants of the institution. The name of the girl was not revealed.

The girl and a companion escaped several days ago. The girl companion was caught, and the other girl traced to this section. Thompson came in search, and while talking to a resident saw the girl enter an ice cream parlor a little further down the street.

She was captured without trouble and taken back to Eldridge.

RECEIVES PUBLICITY THROUGH PYTHIANS

In Sonoma county this week in ithe interest of the proposed new Pythian home on the site of the old Kearns ranch in Sonoma Valley, near Kenwood, is Louis Herzog, publisher of the California Pythian Star, the official state organ of the Knights of Pythias, and the D. O. K. K. Tiger, organ of the higher degree of the order.

Herzog is preparing for the big special editions which will be issued at the time of the grand lodge convention at Petaluma May 19 to 24.

The edition planned by Herzog will contain at least 84 pages and a liberal portion of it will be devoted to Sonoma county, particularly the Kearns ranch site and vicinity adjacent. It will be profusely illustrated by photographs.

One of the features of the conclave will be a rally and barbecue at the Sonoma ranch site, with every Pythian and Pythian sister in the county present. The barbecue probably will be held the last day of the meeting.

NOTICE OF SPECIAL ELECTION

Notice is hereby given that a special election will be held in the City of Sonoma on Monday, the 14th day of April, 1924, for the purpose of submitting to the qualified electors of said City, the proposition of whether or not Ordinance No. 161 of said City shall become effective Said Ordinance No. 161 is in words and figures as follows:

ORDINANCE NO. 161

An Ordinance Providing for the Levy and Collection of a Special Tax for the Purpose of Providing and Maintaining Parks.

The Board of Trustees of the City of Sonoma do ordain as follows:

Section 1. The Board of Trustees of the City of Sonoma are hereby empowered to and may levy and collect a tax, not exceeding fifteen cents ($0.15) on each one hundred dollars ($100.00) for the purpose of providing and maintaining parks, and for such other purposes allowed by law as said Board of Trustees may hereafter by ordinance provide.

Said special tax shall be used for the purpose of improving and beautifying the town parks and Plaza, and may be used and expended in any manner that may be deemed best by said Board of Trustees.

Section 2. Said tax shall be in addition to all other taxes now authorized by law to be levied, and shall be levied and collected for each fiscal year in the time and manner now or hereafter provided for the collection of other municipal taxes and shall be subject to the same penalties for delinquency and manner of enforcement.

Section 3. This ordinance shall not become effective until the same shall have been submitted to the electors of said City at a special election to be held in said City on Monday, the 14th day of April, 1924. Signed:

(SEAL) FRED BULOTTI.
President of the Board of Trustees of the City of Sonoma.
Attest:
H. W. Gottenberg,
City Clerk.

The qualified electors of said city are hereby invited to vote for or against said Ordinance. If upon canvassing the votes cast at said special election it is found that a two-thirds (2-3) majority of the votes so cast are in favor of said Ordinance No. 161 the same shall become effective and the tax provided for therein shall be levied and collected and used in the manner provided therein.

The election precincts, polling places and election officers to conduct said special election and the manner of conducting same shall be the same as provided for the General Municipal Election to be held in said City on the said Monday, the 14th day of April, 1924.

This Notice is published pursuant to order of the Board of Trustees of the City of Sonoma.

Signed:
H. W. GOTTENBERG,
(SEAL) City Clerk.
Dated March 15, 1924.

ATTENDS WEDDING AND FUNERAL ON SAME DAY

Mr. and Mrs. George Crowe attended the wedding of Mrs. Crowe's brother in San Francisco and the funeral of a cousin in Berkeley last week. The wedding had already been scheduled and so was not postponed. The contracting parties were Robert Henry of Alameda, chief electrician of a big mercantile plant at Oakland, and Mrs. Myra Dameral a charming young widow of the Encinal City. The ceremony was performed by Rev. W. J. Sherman at the M. E. church, in San Francisco.

Mr. and Mrs. Henry will reside in Alameda on Taylor avenue, where they have purchased one of the handsome new bungalows along the bay shore.

Mrs. Fred Hansen has entirely recovered from the serious siege underwent for eye trouble. She has been under the care of a San Francisco specialist for ulcers of the eyes, caused by infected teeth. Drastic surgical work and dental attention were necessary in her treatment, but the popular matron is now home and enjoying her usual good health.

LOMBARD SAYS HELP WILL BE PLENTIFUL

Mr. and Mrs. Claude Lombard were up at their country home over the week end. The San Franciscan has one of the most powerful radio receiving sets in Sonoma Valley, and it is one of his chief diversions when he comes up here.

Lombard is in close touch with the labor market of the port of San Francisco and he declares that there will be a surplus of working men this year, due to the fact that the Alaska packers and other big companies are not shipping out as many laborers as formerly. He conducts a large seamen's employment bureau and furnishes all the big boats, like the Manchuria, with men.

Mrs. Herbert Bell of St. Louis, Mo. has arrived from that city to make her home at Boyes Springs, where she will build a cottage. Mrs. Bell is a sister of Mrs. James Post, wife of the retired theatrical man. Both ladies are natives of San Francisco and Mrs. Bell declares she is back in California to make her permanent home.
